Liquid Cats is a cozy logic puzzle from AVGAM. Guide a stretchy cat across the board until every empty tile is filled. Each turn shapes the route, so a misplaced move can leave a space out of reach. With 300 levels across four difficulty packs, untimed play, instant restarts and hints that reveal part of the path, players can enjoy a gentle introduction and work toward more demanding puzzles at their own pace.

Pre-order listings as of 8 September 2026. US prices; regional pricing may differ.
